

SUDHEESH SREENILAYAM

Strategic Operations & Technical Leadership

Orchestrating Operational Intelligence through Data Strategy & Global System Ownership

Chicago, IL | +1 (312) 868-9096 | sudhisreenilayam13@outlook.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Strategic Operations Leader with 8+ years of experience engineering delivery roadmaps for Amazon Logistics. **I bridge the gap between deep managerial expertise and AI-native data automation.** Promoted from entry-level Associate to Senior Manager overseeing **200+ FTEs** while retaining deep technical ownership. I personally architect systems that reduced operational waste by **\$900k annually**, operating at the intersection of heavy people leadership and hands-on strategy.

SKILLS

Strategy & Operations: SLA & KPI Definition, Cross-Functional Leadership, Roadmap Planning, Lean Six Sigma Green Belt, Agile/Scrum, UAT & User Stories, Stakeholder Management.

Analytics & AI: Agentic AI Orchestration, Power BI, SQL, Python, Business Intelligence & Forecasting, Root Cause Analysis, Advanced Excel.

PROFESSIONAL EXPERIENCE

Senior Associate Manager, Service Delivery Management & Analytics

Sep 2023 – Aug 2024

Sutherland Global Services (Amazon Logistics)

- **AI-Driven Operations:** Engineered the "Driver Self-Service" resolution engine using SQL and Power Query, eliminating a 66% defect rate across 500k+ monthly tickets and driving **\$900k in projected annual savings**.
- **Global Stakeholder Management:** Maintained **100% SLA adherence** across NA, UK, and CA regions by leading Executive Business Reviews (QBRs) and scaling capacity for **200+ FTEs**.
- **Reporting Optimization:** Deployed automated Power BI dashboards globally, eliminating manual data latency and improving reporting efficiency by 40%.
- **Technical Implementation:** Translated stakeholder requirements into hard technical specifications and restructured operational SOPs to drive global program adoption.

Associate Manager, Operations & Process Improvement

Dec 2021 – Aug 2023

- **Resource Management:** Engineered a predictive staffing allocation algorithm in Excel to balance shift coverage for 90+ FTEs, reducing team overtime costs by 15%.
- **Dashboard Deployment:** Partnered with the BI team to launch real-time Power BI tracking dashboards, increasing successful resolution rates by 7% and securing **14 consecutive vendor awards**.
- **Statistical Process Control:** Led a cross-functional task force utilizing Minitab and Excel to perform hypothesis testing on service bottlenecks, driving a 2.73% gain in operational throughput.

Lead, Service Delivery Management

Dec 2019 – Nov 2021

- **Service Design & A/B Testing:** Designed and executed rigorous A/B tests on customer service scripts to statistically validate communication strategies, driving a **16% improvement in First Call Resolution (FCR)**.
- **Process Automation:** Automated manual performance tracking and streamlined data collection pipelines, saving front-line leadership 5+ hours of labor weekly.

Early Career (Promoted from Associate to Senior SME)

Jun 2016 – Nov 2019

- **SLA Compliance:** Achieved 100% SLA compliance by developing real-time monitoring reports via Excel Power Query.
- **Team Leadership:** Led a pilot team of 20 representatives and implemented the DIRECT feedback framework, earning 7 consecutive "Best Team Leader" awards.

STRATEGIC PROJECTS & INNOVATION

Superstore Profitability & Strategic Recovery

Python, SQL, Power BI, Regression

- Identified **\$218k in annual business recovery** and secured \$106k in margin gain by leveraging regression analysis to prove internal discounting was the primary loss driver.

SocialSphere Strategic Turnaround (Cyber Ethics)

Governance, Cyber Ethics & Law, Risk Management

- Mitigated **\$1.3B in regulatory risk** and proved a 50% increase in Click-Through Rates by proposing a strategic roadmap transitioning to a contextual relevance model.

LCA Mission Control / Agentic Intelligence Engine

Python, SQL, Supabase, Agentic AI

- Transformed fragmented market data into real-time visibility by architecting a high-performance decision engine that syncs Labor Department datasets with live leads.

EDUCATION

Master of Science in Business Analytics

May 2026

Roosevelt University, Chicago, IL

GPA: **3.97/4.0**

B.Tech in Electronics & Communication Engineering

CUSAT, India

CERTIFICATIONS

- Lean Six Sigma Green Belt (Active)
- Google Data Analytics (In Progress)
